HENDAYE, France, Jan. 20.—Spanish insurgents said today they had smashed a new plan in government lines defending Barcelona. General Franco's high command at Burgos reported capture of Calaf, important communications centre on a railroad and highway connecting the governmental capital and Lerida. Occupation of Calaf, they said, brought insurgent troops well within the borders of Barcelona province.

BARCELONA, Jan. 20.—Women are volunteering at Barcelona recruiting stations at a rate of 600 a day to enlist for tough jobs behind the lines as the front closes steadily in on Barcelona.

HEAVY ARMS MAY BE MADE IN BRITAIN

Manufacture Is Being Studied By Defence Department

By THOMAS WATLING
Exclusive to Edmonton Bulletin

OTTAWA, Jan. 20.—The manufacture of heavy armament in Canada for the Dominion and for the United Kingdom is being studied by defence authorities in the Dominion.

Two years ago the British war office considered playing contracts in Canada for heavy armaments, and negotiations were well under way when the Bren gun came along.

National defence experts have ascertained that armaments up to 45 guns can be made in Canada, but that 82, one inch and heavier guns are not within the present capacity of Canadian plants.

Small tanks, dragons and tractors could also be made in Canada, as well as armoured cars, ammunition and other accessories.

WAR OFFICE DISGUSTED

The Bren gun factor and the demands made for the revelation of British military preparations disgusted the war office, and no negotiations languished. The situation now stands that if Canada wants British war orders the Dominion will have to take the initiative.

It is believed that if the Dominion government were to place orders in Canada for heavier armaments supplementary orders could be obtained from the war office.

The Bren gun contracts were the forerunner of others, and it is estimated that \$10,000,000 worth of British contracts have been obtained from the war office.

CO-OPERATION IS NEED REBUILD PRAIRIE WEST

CHATHAM, Ont., Jan. 20.—There must be national co-operation in rebuilding the prairies, Canada's basic industry of agriculture, George Spence, director of prairie farm rehabilitation under the Dominion agriculture department, said in an address here last night.

Behind of the prairie, the productive capacity of the prairie, he said. The regeneration of the drought areas can be accomplished in a lifetime with co-operation. The length and severity of the western drought had created Canada's greatest national problem.

On an interview yesterday, Mr. Spence was emphatic that there was no "dust bowl" in western Canada.

Spence said that the prairie is a vast area of land, and that the prairie is a vast area of land, and that the prairie is a vast area of land.

Spence said that the prairie is a vast area of land, and that the prairie is a vast area of land, and that the prairie is a vast area of land.

Spence said that the prairie is a vast area of land, and that the prairie is a vast area of land, and that the prairie is a vast area of land.

Spence said that the prairie is a vast area of land, and that the prairie is a vast area of land, and that the prairie is a vast area of land.

Miss Dorothy Ada Mann, who occupies the responsible post of supervisor at the Admiralty telephone exchange. Miss Mann did particularly important work when mobilization of the fleet was ordered during the recent crisis. The photograph shows her at her work in the telephone exchange at the Admiralty. She has been awarded the medal of the Most Excellent Order of the British Empire.

Gardiner To Stay With Government Until Ship Sinks

Tells Commons If He Ever Wants To Oppose Administration He Will Resign and Work From Outside

OTTAWA, Jan. 20.—If the time ever comes when Hon. J. G. Gardiner wants to oppose the government of which he is now a member he will resign and work from the outside, the minister of agriculture told the House of Commons yesterday.

The minister was speaking in answer to a question asked by Hon. R. J. Manion last Monday when the conservative leader said the talk is, he (Mr. Gardiner) was one of the men mixed up with Mich (Hepburn) in an attempt to overthrow the government.

"While I sit in the treasury benches of the Dominion or of any province I shall stay by the principles of the party as matter of fact, and I shall stay by the principles of the party as matter of fact, and I shall stay by the principles of the party as matter of fact."

"If I ever wish to oppose the government of Canada of which I have been a member I will do so by resigning and working from the outside, and I shall stay by the principles of the party as matter of fact."

"I will not remain in the government of which I belong and then say that my friend from Kentland East was right by taking him back and having him in the government."

"But I will not remain in the government of which I belong and then say that my friend from Kentland East was right by taking him back and having him in the government."

"But I will not remain in the government of which I belong and then say that my friend from Kentland East was right by taking him back and having him in the government."

ALBERTA 1938 CROP VALUE IS 105 MILLIONS

Area and Yield Greater Than 1937 But Price Somewhat Lower

Alberta grain, root and fodder crops in 1938 showed that 12,188,000 acres yielded 750,044,000 bushels valued at a grand total of \$105,000,000, according to figures released on Friday by Hon. D. R. Mullen, minister of agriculture.

In 1937 the total acreage sown to grain crops was 11,618,000 acres and the total yield was 710,451,000 bushels valued at \$115,330,000.

The wheat crop occupied 7,834,000 acres with an average yield of 87 bushels, and a total yield of 750,000,000 bushels. The average price was \$1.02 per bushel or a total value of \$76,500,000.

The lower price per bushel accounted for the variation in total value of the wheat crop.

Oats in 1938 occupied 2,885,000 acres with an average yield of 17 bushels and a total yield of 10,000,000 bushels. This brought an average price of 12¢ per bushel.

Convention at Calgary Ends 20-Year Period Of Federal, Provincial Activity Starting At Edmonton January 19, 1919

By SAM G. ROSS
Canadian Press Staff Writer

CALGARY, Jan. 20.—The political field abandoned, the United Farmers of Alberta annual convention today was slated to turn to consideration of a program for the future.

The convention yesterday voted to strip out of the program a 20-year period of federal and provincial activity that started at an Edmonton convention Jan. 19, 1919.

A resolution outlining some of the reasons for the change was adopted, and a 20-year period of federal and provincial activity was voted to be dropped from the program.

PREMIER WILL CONFER WITH CITY'S MAYOR

Royal Visit Plans To Be Discussed By Province and City Executive

Mayor John W. Fry will confer with Premier William Aberhart at the premier's office, legislative buildings, Monday at 1:30 p.m. on plans for Edmonton's reception for Their Majesties King George and Queen Elizabeth on June 2.

A letter was received Friday by the mayor from Major A. H. H. Smith, secretary-treasurer of the Westminster district, asking that arrangements be made for the king and queen to visit Edmonton on their way to the north.

Offers of co-operation were received from the Edmonton Farmers' Union, the Canadian Crop Association, Daughters of England, Veterans Order of Nurses, City Club, Red Cross, and others.

Firms also are bidding for contracts to supply fireworks, decorate the streets and plant boulevards on the occasion of the royal visit.

The actual vote was not disclosed but only approximately 35 of the 272 delegates with voting power stood in opposition when the vote was taken.

Two years after the organization was formed, the United Farmers of Alberta government was formed and it remained in power until defeated by the Social Credit movement in August, 1938.

FINANCES OF BEVERLY ARE SAID BETTER

Annual Meeting of Town and School District To Be Held Jan. 27

Executive to Edmonton Bulletin: BEVERLY, Jan. 20.—News here have been positive about the Beverly electors that the annual town and school district meeting will be held in the Town Hall, Friday, January 27, at 8 p.m.

It is understood that the yearly business meeting in the course of preparation will show that for the first time in many years all current accounts for 1938 have been paid off in full. This is a very good sign for the town's share of unemployment relief costs for food, fuel and clothing. Beverly's financial affairs are said to be in a very good position as well as full costs for industrial relief and unemployment payments, hospital bills for unemployed and other charges for town and local administration costs.

Receipts from real estate taxes levied from the operation of the Beverly mine are the highest on record being in excess of \$12,000. While these charges are high, they are the lowest they have ever been.

Main topics of the meeting will probably be the local relief situation and the report on the provincial government. Mr. J. Macdonald, A. McDevitt, and other members of the royal commission into Beverly's financial affairs will also be present.

Since February 1937 the town's affairs have been under the direction of N. B. Smith, who was appointed as official administrator after the dismissal of the mayor and town council by the provincial government.

CANADA DOUBTS ALIEN THROGS ARE SMUGGLED

OTTAWA, Jan. 20.—Canadian immigration officials were unable to identify any of the 100 men smuggled into the country in the smuggling of large numbers of aliens from Canada into the United States, reported from New York Thursday.

We have no idea on what information the report that 20,000 aliens have been smuggled across the international border. The report, said one departmental official, is "a very serious matter."

He doubted that the Canadian government could trace the aliens crossing Canada en route to Australia had slipped into the United States since, he said, the largest group had been an untraced number about 100 people.

MISSION WILL REHABILITATE OUSTED PRIEST

Property To Be Transferred To Presbyterian Church

MONTREAL, Jan. 20.—A little group of men, known as the Associated Laymen of the Anglican Society, met here in closed session to discuss rehabilitation of a priest taken to rehabilitate Rev. J. H. Real of Ontario and his group of parishioners who severed relations with the Roman Catholic church in isolated Ventenille, far down the Gaspé Peninsula.

Mr. J. W. Jones, secretary-treasurer of the small body, composed of men of various professions, said they were meeting to discuss transfer of mission-hought property to the Presbyterian church, and other such details.

REFUSED COLLECT TAX

The laymen's society, said Mr. Jones, had added the Father of Angely group ever since they broke from the church during a dispute that originated two years ago. Father d'Angely, Mr. Jones claimed, was "ejected" because he refused to collect a 10-cent tax on the "church" that he said, was to be collected. Another dispute concerned distribution of relief in the area where the villagers work at fishing and boatbuilding.

A man and other property were purchased by public subscription for Father d'Angely, who since leaving the Catholic church, had lived with his family in one room of a parishioner's home, said Mr. Jones. Now, arrangements are being made to transfer the mission property to the Presbyterian church.

LENT SUPPORT

It was two years ago, said Mr. Jones, that Father d'Angely came to and told him that he was cutting in the village of about 125 families. The matter was placed before the mission group which lent its support to the priest and took.

Mr. Jones said Father d'Angely had been "ejected" from his own church because he had refused to collect the 10-cent tax on the income of the people, of which he said 75 per cent were employed. They were unable to bear any further tax. He also had declined to charge for weddings and baptismal services, said Mr. Jones, who claimed the people, while they were in dire need, were a friend of his on a hunting trip. He had come across a family who had lived on potatoes alone for three weeks. And Father d'Angely, he said, concluded Mr. Jones, "he had been rebuffed for accepting a lot of vegetables for his parishioners because they had been donated by a Protestant."

LARYNX WRONG TO SING WITH

PHILADELPHIA, Jan. 20.—The mezzo-soprano and basso-professional singers, almost make hay while the sun shines, says Dr. Chevalier-Jackson, who, even eventually 90 per cent and up with loss of their voices. The reason, the noted Philadelphia laryngologist, specialist of the Association of Medical Students is that "singing is unbiological and the larynx never was made to sing with."

Man is the "only animal," Dr. Jackson said, who defies biology by talking or singing with his larynx. And for that he must be sooner or later, the professional singer strains too hard, ruptures a capillary in the larynx, the voice goes. The blood from a clot, privy the vocal cords. The singer has to strain twice as hard after that. And "things go from bad to worse."

"A little bit of singing in a small room at home of ordinary singing in church," Dr. Jackson said, "does no harm."

Toronto Gourmet Downs Ten Pies: Fails At Twenty

TORONTO, Jan. 20.—Using a quart of buttermilk, a bottle of ketchup and a glass of beer, "chessers" Gordon McCallister yesterday dined 10 pies of the 20 he ordered. He would consume, he then admitted he was not a champion pie eater after all. The man, who said he wouldn't eat 20 pies, said he had McCallister forfeited the prize of 20 pies.

Trades Union Members Of All Grades In Canada Number 384,619 In 1937

OTTAWA, Jan. 20.—Trade unions in Canada reached a new record in membership in the calendar year 1937, exceeding the previous peak year 1935, the federal department of labor announced last night in a special report on labor organization in Canada.

Total membership of all classes of trade unions in Canada in 1937 was 384,619, an increase of 62,146 over the previous year. Total membership was distributed in 3,238 locals, a gain of 373. Total membership in 1939 was 370,492.

International trade unions had a Canadian membership of 445, a gain of 42,000, in the organization, eight more than in 1936. These were divided among 3,044 locals, a gain of 132.

INQUIRY TOLD CHARGE FAIR FOR PIPELINE

Present 15 Cents a Barrel Rate Reasonable Engineer Says

CALGARY, Jan. 20.—E. G. Hill, United States engineer, Thursday told the McGillivray oil probe, charged with determining a fair and equitable pipeline rate for transportation of oil from Turner Valley to Calgary, that the present 15 cents a barrel charge was reasonable.

Mr. Hill, president of the National Refining Company of America, who appeared as a witness, said that the three lines at \$170,000 estimated that the pipeline could expect a gross revenue of \$800,000 per year. The pipeline division over a 10-year period and a rate of return on the company's investment of 12.3 per cent.

RETURN JUSTIFIED

Because of risks inherent in the oil business and possibility of other fields being discovered without a market outlet for the oil, the province, the witness said, a 15.3 per cent return on capital was justified.

There was no guarantee the Royal Canadian pipeline would carry 5,000,000 barrels annually, but it met present requirements for each of the next 10 years and in addition the pipeline might result in a large return to the province, he added.

Destroyers Launched

GLASGOW, Scotland, Jan. 20.—The British fleet of destroyers, "K" class destroyers, were launched Thursday at the Clyde shipyards. The shipyard was named in honor of Lord Kitchener. The ships displaced 1,600 tons each.

Disqualifies

LOGAN, Ont., Jan. 20.—Walter Hodge, who was 72 independent voters, 12 more than in 1936, was disqualified for exceeding the limit of 100 voters. These 31 organizations were more than in 1936, had 853 members in 1937.

The national Catholic group, consisting of 285 syndicates and study circles, a gain of 10, was reported membership of 32,000, an increase of 1,000. There were 72 independent voters, 12 more than in 1936, was disqualified for exceeding the limit of 100 voters. These 31 organizations were more than in 1936, had 853 members in 1937.

Ontario had more local branches than any other province, with 1,280. Then followed Quebec with 997, British Columbia, 228, Alberta, 204, Saskatchewan, 181 and Manitoba, 185.

Alberta's Economic Position Needs Fixing, Says Dr. T. C. Routley Of Toronto

SASKATOON, Jan. 20.—Alberta's economic situation needs revision, it was asserted here last night by Dr. T. C. Routley of Toronto, general secretary of the Canadian Medical Association.

Dr. Routley, pleading for unity of thought among Canadians in an arena before them, said he had heard members of the Alberta legislature say the Bowell commission on Dominion-provincial relations should do little for that province.

The speaker, who had been attached to the royal commission as an observer, said he believed there were many aspects of Alberta's economic position that could "stand firm." He added he did not refer to the province's government.

HOUSE GUESTS OF BRITISH AIR AIDE ARRESTED

Retired Captain Gets Shock As Confessions Are Made

CLEVELAND, Jan. 20.—Julian P. Ingelstiel, retired British Air force captain, was "shocked" last night by arrest of two house guests, who, police said, robbed his neighbors while wowing his daughters.

The guests were brothers, Payton Wilson, 28, and Quentin Wilson, 28, Detective Sgt. J. Munkley said they confessed numerous hideouts from the Great Lakes to the Gulf of Mexico.

Miss Ingelstiel met Payton at a party preceding Cleveland's national air meet last September. He was introduced as a wealthy aviator.

"He wanted to meet my daughter so we invited him into my house," Handstone Eno, debutant, Payton Wilson became initiated with 18-year-old Lillian Ingelstiel, Quentin Wilson later came from New Orleans and dated an elder daughter, Kathleen, 21, Trim Lillian said the elder brother took me to his with his southern accent and wavy black hair.

Described by their unsuspecting hosts as "perfect gentlemen," the brothers stayed at the Ingelstiel home nearly a week, times since the original visit.

The police believe from New Orleans, where the pair are accused of eight robberies, totaling \$5,000, led to the arrest.

6,000 Natives In Rangoon Strike In British Oil Plants

RANGOON, Burma, Jan. 20.—More than 6,000 natives were on strike in British-owned plants to-day in answer to a general strike called by Burmese National students in protest against British government measures, used to fight the civil disobedience campaign.

The Burmese Oil Company at Siam stopped work. They were followed by employees of the British Petroleum Company.

France Grants Permit To U.S. Air Companies

WASHINGTON, Jan. 20.—The state department announced Thursday the French government had granted the United States a six-month permit for one or more American air transport companies to operate a Trans-Atlantic air service for France for passengers, mail and goods.

Unofficial information at the state department was that several American companies are planning a service to France this coming spring. Presently mentioned are the Pan-American Airways and the American Export Airlines, Inc.

The permit would allow air mail with Great Britain, Canada and Kire for a North Trans-Atlantic air line.

TEACHER REUNITED WITH OLD PUPILS

TRURO, N.S., Jan. 20.—When Mr. and Mrs. T. M. McNeil, who were married at a wedding anniversary, Nova Scotia newspaper, reported their reunion after a "write-up" of the event.

A few days later the couple received a letter from Emily Grant Treadwell of 60 Valley Road, Truro, N.S., who had taught them in a Truro school years ago. Her first name of them, she said, were children came to her in a "home town" newspaper she read.

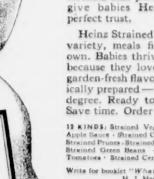

Quebec Village Fetes Arrival Of Third Set Twins

NOTRE DAME, QUEBEC, Jan. 20.—This tiny Saguenay village in the heart of rural Quebec last night celebrated the arrival of the district's third set of triplets in two years.

Described as an excellent health by Dr. Camille Lavigne, the triplets—all girls—were the subject of plans and curious omens, as villagers filed through the humble home of their laborer father, 40-year-old Adhemar Tremblay, for a baptism.

The triplets were born at St. Jerome in 1938, and the Saguenay village in 1937, but all of the infants did not live.

Temperatures can be roughly told by timing a cricket's chirp. The warmer the weather, the faster he sings.

Nelson Eddy, 37, Weds Widow, 40, At Las Vegas, Nev.

LAS VEGAS, Nev., Jan. 20.—Nelson Eddy, blond singer and actor, and Mrs. Ann D. Franklin, former picture producer, were married here Thursday afternoon by district judge William E. Orr in his chambers.

Eddy, not previously married, gave his age as 37, and the bride gave her age as 40.

The ceremony was witnessed by Eddy's mother, Mrs. Isabelle K. Eddy, of Beverly Hills, Calif.; Doris Eddy, actress; and E. J. Grogan, Eddy's business manager.

The party motored here from Hollywood.

Insane Woman Kicks Another To Death In Asylum

ORANGETHURST, N.Y., Jan. 20.—Dr. E. Hall Kline, county coroner, disclosed Thursday a young woman patient had kicked another to death in a violent ward of the Rockland state hospital for the insane. The dead woman, Miss Josephine Maher, 20, of New York.

Blue Fox Now In N.Y. Demand

NEW YORK, Jan. 20.—Blue fox was in brisk demand at the Lexington, Penn. and Harris, Incorporated, fur auction here Thursday and 60 per cent of the offerings sold at prices ranging up to \$38. Cross fox dropped 20 per cent from October to a low of \$28 and demand was slack. Red fox was 50 per cent sold, drawing as high as \$12 for best pairs. Raccoon was slack with a \$3.50 high.

• In union there is strength, and in strength, security. The number of those who entrust their savings to this Company for the purposes of protection for their dependents and provision for their own old age, grows steadily from year to year. The stewardship of the Company to its policyholders is indicated by the statements below:

Total Policies in Force . . .	\$295,412,238.00
Policies Paid-for and Revived . . .	26,336,811.00
Total Assets	88,209,303.26
Policy and Annuity Reserves . . .	70,516,853.00
Premium and Interest Income . . .	13,610,025.07

During the past nine years—many of which were depression years—the Company paid out to policyholders, beneficiaries and annuitants the sum of \$67,892,048.22. During the same period it increased its total assets by \$30,349,066.34.

The Company provides for all liabilities to policyholders on a more stringent basis than the Government standard, and takes credit for the value of its securities in its statement at an amount considerably under their market value.

Further, the Company provides additional security to its policyholders through surplus funds of \$6,324,916.65, a contingency reserve of \$1,000,000.00 and a paid-up capital of \$1,000,000.00.

Toronto Mayor Says Ontario Given Nickels

TORONTO, Jan. 20.—Ontario has been given nickels by the federal government while other provinces, particularly in the west, have received dollars, Mayor Ralph Day said Thursday in endorsing the move of the Ontario Mayor's Association to reduce municipal relief costs.

"Certainly the federal government is no longer as it used to be," the mayor said. "A province in eastern Canada is expected to have been subsidised to the extent of \$600,000 in the last year and its population is no greater than Toronto's."

"The federal government should be thankful that the federal government reconsidered its 'not a part of the Dominion' policy. But certainly they paid us nickels when other five-cent pieces were receiving dollars."

Within the grounds of Windsor Castle, home of the British monarch, motor vehicles are limited to a speed of 10 miles an hour. Police are on duty at the entrances warn all drivers of this regulation.

MILITIA CRITIC SEES BRITAIN TRAINING ARMS

Prospect Of Being Obligated To Ready Forces Is Visualized

LONDON, Jan. 20.—The prospect of Great Britain being obliged to create and train a large expeditionary force to fight on the continent in the event of another European war is visualized by Captain Liddell Hart, one of the leading military strategists in the United Kingdom.

Capt. Hart, for years an opponent of this theory, told the national education conference here he has been compelled to revise his opinion following collapse of collective security last September.

It is all too obvious now, he said, against whom Britain has to defend herself. Europe's military situation revolved about the two axes of strategy and tactics.

Tactical Analysis

On the tactical axis depends the question of what the offensive could do. The situation was and is a lesson in the war in China have shown the particular superiority of well-trained units against the ill-armed. At the same time the offensive nowadays tends to be a defensive. It is all too obvious now, he said, against whom Britain has to defend herself. Europe's military situation revolved about the two axes of strategy and tactics.

HEARTBURN KEPT HIM AWAKE

Afraid to Eat Squire Meal

What a werry he must have been to his wife! No food agree with him. Acid indigestion made him positively wretched. In this letter, his wife tells how she found a welcome relief.

My husband developed a wretched case of gastric acidity," she writes. "He was a miserably thin man. He often could not sleep for heartburn. Business kept him from eating a great deal, but when I gave him a spoonful at home, I gave him the Kruschen salts. I was amazed at the results. The acidity disappeared, his left his face, and his indigestion gradually disappeared. It is a treat to hear him say, 'I'm hungry.' It is a good thing to be true."—(Mrs. K.M.E.)

Provincial Briefs

ROCKY MOUNTAIN HOUSE OIL DEFINITE PROMISE HERE

There is definite promise of oil at Rocky Mountain House, with three oil sites in the vicinity and a well brought in by the Calgary Gas company just recently at the Clearwater gas field, southwest of town. The Gas company sank a two-inch test hole and it is claimed to have sufficient volume to justify the use of a producing well. The company has sealed this well for the time being.

The Ram River Oil site, 10 miles west of the town, is also being claimed as one of the most promising fields in the Dominion. They are drilling for several months and have the well down about 700 feet.

At the Home Oil site, 10 miles west of the town, has been on for nearly two years, but has encountered great difficulty. However, they are positive there is oil there and are continuing to drill. Herbert Hoover, Jr., eldest son of ex-President Herbert Hoover of the United States, visited the Home Oil site here this fall.

Before doing any work at any of the three sites, the company had to build roads in to their property. The Calgary Gas company trucked their equipment across the Clearwater river at Riccarton, following a trail for thirty miles west, had to build a bridge across the Clearwater. Their site is on the other side, but to go from Riccarton to the site without crossing the river twice, meant cutting a road through the hills.

The Ram River Oil field is a very fertile area west of town, which crosses the North Saskatchewan river. Then they cut 16 miles of road through hilly bush country. The fall rains washed out miles of the road, but they rebuilt it.

Home Oil had to build their road through mountain bush country for twenty miles north of Calgary.

LACOMBE
Berl Blumson, arrested recently for R.C.M.P. officers near Calgary and held in custody in the robbery of the Post Office at Trex, when the safe was blown open early in the morning of Jan. 3 and \$10,000 stolen, will face trial before Magistrate G.O. B. Glick-Horne here Friday, January 20.

BOWDEN
Fuehrer for Percy Turnbull, 44, who died at the Infirmary hospital on Thursday, January 12, was held Sunday afternoon from the United Church. He was a farmer in the Turnbull district and a real old timer in this part of Alberta. He was a veteran of the Great War, having served overseas for four years. Surviving are his wife, one, four daughters, two sons and his father, Interned was made in the Bowden cemetery.

VANCOUVER, Jan. 20—Police Thursday released a man they had held since Jan. 12 for questioning in connection with the slaying of Charles James Campbell, one of the Chicago dealers.

FAVORED NATION TRADE PACTS ARE DENOUNCED
LONDON, Jan. 20.—The Federation of British Industries in a letter to Oliver Stanley, president of the board of trade, last night urged denunciation of most-favored-nation clauses in trade treaties with countries practicing dumping or competing unfairly with British goods.

At the same time R. S. S. Mason, parliamentary secretary for commerce, speaking at a banquet, predicted "Great Britain will be very much stronger than it is in the European trade market when a few weeks' time negotiations are begun with the countries with whom the most-favored-nation clause is being considered."

Five Royal Courts For 1939 Instead Of Usual Four
LONDON, Jan. 20.—The royal courts will be held in 1939 instead of the customary four, owing to the heavy list of applications from those who desire to be presented to their Majesties.

Gardiner To Stay With Government Until Ship Sinks

Continued from Page One

ATTACKS GOVERNMENT

Denton Mastry (Con., Toronto-Greenwood) who concludes his day's debate, accused himself almost entirely with an attack on the government which he charged was using the Canadian Broadcasting Corporation for political purposes.

It was because of politics, he suggested, that C. George McCallum, publisher of The Toronto Globe and Mail, was recently forced to use a network of Canadian stations to air his own personal views.

ADJOURNS DEBATE

Hon. C. D. Howe, minister of transport, adjourned the debate after it was expected to run to Mr. Mastry today.

It was not so much increased acreage as improved production methods that removed so much of the European market from reach of Canadian wheat, Mr. Mastry today.

The six cent per bushel preference on wheat in the United Kingdom market, relinquished by Canada and Australia to facilitate regulation of the Anglo-American trade agreement, had been the cause of any such benefit, the minister said.

Mr. Mastry had no objection to a clause benefitting Canadian prices.

There were 220,000 bushels more wheat exported through Canadian ports during the five years immediately preceding granting of the preference than during the five years immediately following it.

UNCERTAINTY INSTABILITY

Earl Rowe (Lib., Quebec-Smoke) said the speech from the throne "only reminds me of the uncertainty and instability of the government."

He said the speech was "a warning of the future" and "a warning of the future" and "a warning of the future."

The new Canada-United States trade agreement, Mr. Rowe said, "brings with it dangers and the possibility of a new era of uncertainty and instability."

NATIONAL MEASURES

Unemployment should be a national responsibility in the major as well as the minor branches of the government, he said.

He said the government should be left to deal with the problem of unemployment as a national measure.

J. C. Landry (S.C., Calgary-East) blamed the government for the unemployment problem in Canada.

He said the government was responsible for the unemployment problem in Canada.

The government had failed to redeem its promises for monetary and credit control.

He said the government had failed to redeem its promises for monetary and credit control.

Mr. R. Fleming (Lib., Hamilton)

Your Health

By Dr. Frank McCoy

Dr. McCoy's series suggested for the week beginning Sunday, Jan. 22, 1939.

Sunday—Breakfast: Baked egg, crisp bacon, maple syrup, buttered toast, coffee.

Lunch: Baked fish, boiled potatoes, buttered peas, apple sauce, coffee.

Dinner: Roast beef, mashed potatoes, buttered peas, apple sauce, coffee.

Supper: Baked fish, boiled potatoes, buttered peas, apple sauce, coffee.

How to Overcome Itching Piles

If you are annoyed with itching piles or hemorrhoids, you can get relief by using the following treatment.

1. Use a mild soap and warm water to cleanse the rectum.

2. Use a mild ointment to soothe the itching.

3. Use a mild laxative to keep the bowels regular.

4. Use a mild astringent to tighten the tissues.

5. Use a mild sedative to relieve the pain.

6. Use a mild antiseptic to prevent infection.

7. Use a mild analgesic to relieve the pain.

FOUNTAIN PEN HEIR FINDS HE IS \$100 RICHER

Young Waterman Is Bequeathed Small Sum By His Mother

NEW YORK, Jan. 20.—Eliza Waterman, who was cut off with \$100 in the will of his wealthy father but later found himself a millionaire, learned today what his late mother bequeathed him. It was \$100.

The will of Mrs. Helen H. Waterman, filed in Surrogate Court, added another chapter to the 15-year story of romance and estrangement that divided the fountain pen family.

Last May, Eliza, who lived in poverty for 15 years because he married against his father's wishes, became—by his father's death—eligible to the income from a \$5,000,000 trust fund set up by his grand uncle, Lewis Edson Waterman, fountain pen inventor.

In June, Eliza, 38, who earned his living for a while after leaving his father's disapproval as a cook, a dishwasher and later a sales representative, was named as executor of his father's estate.

Eliza's mother, who died Jan. 11, left her residuary estate to another son, Frank D. Waterman, Jr., of Summit, N.J., and named him an executor of her will. Size of the estate was not disclosed.

Eliza's daughter, Audrey, now 13, resided by the wealthy grandfather after death of his Canadian father in 1923. It is to receive at least a \$100,000 trust fund established for Mrs. Helen Waterman.

The other half, under Frank D. Waterman, will, went to Frank D. Waterman, Jr., at his mother's death.

The patient, Albert Powers, is now being treated at Children Hospital, Dr. B. J. Halliwell and Constable William Brown of the British Columbia Police went out here at the time Mrs. Bryant left the hospital through the back door.

When the reached the truck, Nurse Bryant abandoned her struggle and came into William Lake with the patient on the stretcher.

Spargo would Dress Guardians In Dark Green

CALGARY, Jan. 20.—Forty-seven game guardians of the Alberta Fish and Game department will be dressed in dark green uniforms with silver buttons and silver stripes on the sleeves.

Mr. Spargo said game guardians would be dressed in dark green uniforms with silver buttons and silver stripes on the sleeves.

Some signs appeared in the moving picture house, after being in the moving picture house.

The great problem in the future of the world, he said, "is that we are not able to do it."

In arguments of the opposition, that trade had nothing to do with employment, Mr. Gardiner said.

He said the volume of wheat moving through these parts.

It was about, Mr. Gardiner said, in August, as had Dr. Mastry, that Canada purchased from the United States per capita wheat from Canada.

\$20,000,000 Banking Credit With New York Arranged By Dunning

Ottawa, Jan. 20.—A banking credit of \$20,000,000 has been arranged by the Dominion government in New York effective Feb. 1, with the Chase National Bank of the City of New York, and a group of American banks.

The credit will be in 25-year term bearing 1 1/2 per cent, said at 9:15 p.m. today, subject to redemption of approximately 1.28 per cent.

The notes, dated Jan. 1, 1939, mature May 1, 1964, subject to redemption at par at the option of the government after March 1, 1941, in 10-day notes.

Proceeds of the issue will be used for general purposes of government.

Supply the government with United States funds to enable it to make temporary loans or to reimburse the government in part for

Roosevelt Asks Power To Change Value Of Dollar

WASHINGTON, Jan. 20.—President Roosevelt asked the United States Congress Thursday to extend for two years authorization for the government's stabilization fund and also his power to change the value of the dollar.

The White House announced the request was made upon recommendation of Treasury Secretary Morgenthau in identical letters to Vice-President Garner and Speaker Barkley.

Both the stabilization fund, created in 1931, and the dollar stabilization fund, created in 1933, are scheduled to expire June 30, 1941.

Mr. Roosevelt asked legislation extending them to June 30, 1944.

Calgary Relief Recipients Ask Right To Sue City

CALGARY, Jan. 20.—Disatisfied with amount of relief, 118 Calgary relief recipients have applied to the police magistrate for permission to sue the city for failure to supply adequate relief.

It was revealed by T. B. Riley, civic relief department official last night.

D. O. H. Patrick asked Mr. Riley what the city could do if a relief recipient refused to take a job. Mr. Riley replied "Nothing."

Under the provisions of the Relief of Relief and Welfare act the recipient can sue the city if we cut them off relief or reduce the allowance below the emergency scale and they are doing it."

Some signs appeared in the moving picture house, after being in the moving picture house.

The great problem in the future of the world, he said, "is that we are not able to do it."

In arguments of the opposition, that trade had nothing to do with employment, Mr. Gardiner said.

Zero Weather Fails To Stop Aniham Lake Nurse Carrying Out Her Work

WILLIAM LAKE, B.C., Jan. 20.—Zero weather and driving snow don't stop Nurse Bryant, known in these parts as the "Nightingale" of Aniham Lake, B.C., from carrying out her duties for the medical needs of residents of this sparsely settled rural British Columbia district.

Last week, she braved the cold in a 60-mile rough ride to bring a patient to hospital here.

Mr. Gardiner would not agree altogether with the statement of Hon. R. J. Mastry, Conservative leader that every bushel of wheat entering United Kingdom from Canada was a bushel of wheat.

He said the volume of wheat moving through these parts.

It was about, Mr. Gardiner said, in August, as had Dr. Mastry, that Canada purchased from the United States per capita wheat from Canada.

FATHER SAYS OUT OF WORK IN FAR NORTH

Will Send Money For Children When He Is Able, Drayton Advised

A letter from the father of three children, stranded last week in the city police station by their mother, was received Friday by Frank Drayton, superintendent of civil relief and child welfare.

The father, J. V. Yelland, N.W.T., stated he was out of work and likely would not have a job for a month or six weeks and that he was trying to sell some furniture for the children until he could send money to pay for their food. "My heart is in the children," he wrote, "and in his prospect of being able to support them."

The wife, Mrs. Yelland, had had no word from the mother.

Chamber Refuses City Group Right To Solicit Funds

Edmonton Chamber of Commerce has advised representatives of the Progressive Citizens' Alliance that as a result of a single unemployed man in the city, the efforts of the alliance to convince government authorities to do more to provide public works schemes would be futile. The statement was made in a letter from the chamber to the alliance, requesting the alliance to solicit funds for the purchase of chamber members.

Pilot Bob Rannall Has Bear Story To Relate: Twin Sons Pull Frank

Troubled

Victor Rannall, pilot, has a story to tell of a close shave with a bear. He said that he was flying over a forest in the north when he saw a bear. He landed and shot the bear. He then flew back to the city. He said that he was troubled by the story.

Livestock Clubs

More than 300 boys and girls in Alberta are members of dairy and beef clubs. The clubs are organized to help the boys and girls learn about livestock. The clubs are also a source of funds for the purchase of livestock.

Introducing New Course To Young Men and Women of Edmonton

"The Modern Merchandising Class"

Retailing, Advertising and Selling in the Subject of Classes.

An elementary course in retail advertising and selling, will be introduced at the Edmonton Technical School, January 22, 1939. The course is designed to help young men and women start out in the retail field. The course will cover the subjects of retailing, advertising and selling.

JOHN KETTER
Advertising Manager, Hudson's Bay Company, store here, will conduct this class.

He is recently from Calgary, where he organized "City" classes in the past few years and conducted them. They proved very popular with the young people there.

Mr. Ketter has served in many divisions of the Company, The Toronto and Montreal Buying Offices, and the stores at Winnipeg, Saskatoon, Victoria and Calgary.

He completed courses in Textile Advertising, Lettering, Merchandising at Toronto and while a resident of Calgary was elected President of the YMCA, public speaking class.

Looking Them Over

By Jack Kelly

Turf Review
Major Problems
Riders Needed

ON THURSDAY the annual meeting of the Western Thoroughbred Breeders' Association was held at the Hotel Vancouver in Vancouver, B.C. The meeting was attended by representatives of the breeders' associations of the United States, Canada, and the British Empire. The meeting was held for the purpose of discussing the various problems connected with the breeding and racing of Thoroughbred horses.

The report of the honorary secretary reviewed western racing in a broad, general way and submitted proof of continued improvement, increasing public interest and steady improvement in the caliber of western bred horses as evidenced by their increasing winnings on tracks in the east and the United States.

Resolutions were passed at the meeting and the association will be organized in 1940. Working committees were appointed to study the various problems that will follow which will depend on how well plans are laid for the future. The honorary secretary also reported on the results of the annual meeting of the association held in 1938.

Adams Points To Problems

REPRESENTATIVE of the breeders' associations of the United States, Canada, and the British Empire, Adams pointed out the various problems connected with the breeding and racing of Thoroughbred horses. He stated that the breeders' associations of the United States, Canada, and the British Empire were all working together to solve these problems.

Another problem which the president stated was the growing more zealous was the unwillingness of owners and trainers to enter horses in races written for Canadian and western Canadian breeders in which five per cent of the purse goes to the breeder of the winner. Adams stated that this was a problem which the breeders' associations were working to solve.

Adams also stated that the breeders' associations were working to solve the problem of the unwillingness of owners and trainers to enter horses in races written for Canadian and western Canadian breeders in which five per cent of the purse goes to the breeder of the winner.

Riders Are Badly Needed

A SUFFICIENT number of riders are badly needed for the various races which are being held in the west. The breeders' associations are working to solve this problem by encouraging more riders to enter the races.

The handicapper's job is to allot weight to the various horses entered so that if they all run to top performance there should be a blanket finish. This is a very difficult job to do, but it is necessary for the handicapper to do it in order to make the races interesting.

The handicapper's job is to allot weight to the various horses entered so that if they all run to top performance there should be a blanket finish. This is a very difficult job to do, but it is necessary for the handicapper to do it in order to make the races interesting.

SATURDAY SPECIALS

Brogue Chiffon Stockings

If your preference in hosiery is a texture that combines a smart sheerness with a considerable length of wear you'll find several pairs of these stockings at this exceptionally low price! Silk to the top—a 4-thread, 45-gauge weave. Every pair full fashioned. A smart array of shades in sizes 8½ to 10½. Substandard. SPECIAL PAIR.

Heavy Service Weight Hose

Serviceable stockings for strenuous everyday wear... handy for sportswear, too. A heavy silk texture—10 thread, 42-gauge—a texture that lives up to rigid requirements of long wear. Their neatness of fit is assured by full fashioning. This season's hosiery color favorites in a size range from 8½ to 10½. Substandard. SPECIAL PAIR.

Men's Fine Socks

First quality socks knit of a mixture of wool and cotton. Socks for the business man to wear to the office... socks for the University lad to wear to classes. A grand array of patterns in color combination that appeal to discriminating men. Sizes 10 to 11½. SPECIAL PAIR.

Razor Blade Sale

Saturday, Last Day

This razor blade sale has been quite a success—many men have taken this opportunity to put in a stock of dependable blades.

PORT BLADES—Double edge for Gillette type razors. **25¢** 10 blades. **19¢** 25 blades.
EASTMAN DE LUXE BLADES—Single edge for safety razors. Made of chromium-plated Swedish steel. **10¢** 10 blades. **19¢** 25 blades.
EASTMAN DE LUXE BLADES—Single edge for safety razors. Made of chromium-plated Swedish steel. **10¢** 10 blades. **19¢** 25 blades.
WARDONIA "NEW EDGE" RAZORS—This set includes the well-known Wardonia razor with non-metallic guard—complete in box to match with 4 Wardonia blades. **SET 49¢**
SALE—Holtz Section, Main Floor, Phone 9-1-2-4-3

Clever Handbag Styles

Newly arrived handbags ready to add to a smart note to Winter-wear ensembles. Capucine styles that hold a lot without showing the strain—pouch and envelope types. Choose from morocco grained, calf, patent and suede leathers... some with hand handles, some with patented slide fastenings. SPECIAL **\$2.95**

Special! Double Boilers!

Heavy quality aluminum double boilers in a modern design. Approximate 1½-quart size. Fitted with catalin (composition) knob in green, blue or red. SPECIAL **99¢**

Badminton Racquets Re-string

If your badminton racket is in need of repair—bring it to EATON'S and have it restring by an expert on our Equal Tennis stringing machine. Standard quality gut used. 24-hour service. **\$1.75**

A Special Sale of TOOKE Shirts

"Seconds" of Higher Priced Lines

A value in Tooke shirts that every value-wise Edmonton man should receive with open arms. High count cotton broadcloths cut on roomy lines and meticulously finished in every detail. Plain colors, woven and printed patterns... there's a choice for men of every taste. Attached collar styles—the collars are fused. Sizes 14 to 18. Come in early—come in on the way to the office—you'll get prompt service. SPECIAL **\$1.00**

Men's Shirts, Main Floor, Phone 9-1-2-4-3

SATURDAY SPECIALS FOR BOYS and GIRLS

Jackie Jumpers

Overalls for play wear. Well made of cotton corduroy in his front style with shoulder straps. Plain colors of blue, red, white. Sizes 2 to 12 years. SPECIAL **\$1.59**

Overalls in the same style as the above but made of patterned cotton corduroy... animal designs against backgrounds of dark red and green. SPECIAL **\$2.25**

Baby Blankets

All wool blankets suitable for baby cots and carriages. Plain pink or blue. About 28x48 inches in size and finished with wide, white, whipped edges. SPECIAL **\$1.19**

Children's Wear and Baby Shop, Second Floor, Phone 9-1-2-5-2

Children's Shoes

Children's shoes and oxford shoes with rubber heel lifts. Sizes 8 to 10½. SPECIAL PAIR **\$1.65**

Footwear, Second Floor, Phone 9-1-2-5-2

Knitting Class

The Lounge on the Fourth Floor is a busy place on Saturday mornings from 9 until 10:30 o'clock... that's where the young and good school girls gather for their weekly knitting class. Needles and Wool can be purchased in the Wool Department. The efficient instructors will gladly help with any difficulties.

Misses' Hose

Smart stockings knit from fine wool mixed with rayon. Fashioned legs and seamless feet and finished with comfortable leg tops. Two smart shades in sizes 10 to 12½. SPECIAL PAIR **35¢**

Misses' Hosiery, Second Floor, Phone 9-1-2-4-3

Boys' Bathrobes

Dressing gown at an exceptionally low price! Neatly tailored of cotton childproof cloth... self patterns against tan, navy or maroon backgrounds. Applique collars bound with rayon cord and finished with a rayon cord girdle at the waist. Sizes 8 to 14. SPECIAL **\$1.89**

Boys' Wear, Main Floor, Phone 9-1-2-5-2

Boys' Pullover Sweaters

Sweaters that have sold at a much higher price! Knit of wool and finished with a softly brushed surface... diamond checked patterns in a variety of color combinations. Pullover style with V neck and long sleeves. Elastic knit cuffs and waistband. Sizes 24 to 34. SPECIAL **95¢**

Boys' Breakers and Mackinaws

Clearance prices on a grouping of windbreakers and mackinaws. The variety includes hefty coats of herringbone, wool mackinaws or wool and cotton material. Some are lined with wool, others with cotton plush or sheep's fleece. Some have heavier (Lamb dyed heavier shade) collars, others have deep storm collars. Mostly plain colors but a few plaids. Sizes 28 to 36 in the lot. SPECIAL **\$2.63 \$8.63**
